Dear Supporter of RI:

Your participation in Rampart Institute is of vital importance to our survival. Most of our funding comes in small individual fellowship fees.

Your fellowship or subscription to our journals expires this month. I hope you will continue your interest in Rampart Institute. The pre-paid reply envelope inside this package is for your convenience.

Besides defraying the cost of our journal(s), your fees help us in various projects:

1. Increase the size and scope of our Freedom Library.
2. Expand Rampart Institute's office/reading room.
3. Continue our support of the annual Future of Freedom Conference series.
4. Produce several video films for classroom audiences.
5. Defray cost of special seminars for students presented by Robert LeFevre, George Smith, Kenneth Gregg, Jr. and others.
6. Upgrade the publications of Rampart Institute.
7. Continue "Project: Intellectual Survival".

Sincerely yours for Liberty,

Lawrence Samuels
Executive Director
